- Abram, Lewis E., and Frankel, Jerome S.: A comparison of anamnestic and perennial therapy in the management of allergic respiratory disease, 669
- Abramson, Harold A.: Letter to the editor, 696
- Abramson, Harold A.: Technique for screening verbatim psychotherapeutic recordings and its application to allergy, 19
- Absorption of one per cent chlorcyclizine hydrochloride cream through the skin, The. — (Amos E. Light and John A. Tornaben), 607
- ACTH (adrenocorticotrophic hormone). Effect on ragweed hay fever. (Michael Zeller), 603
- ACTH (adrenocorticotrophic hormone); its effect in atopic dermatitis. (Theron G. Randolph and John P. Rollins), 1
- ACTH and cortisone in the management of nasal allergy, Use of. (Giles A. Koelsche et al), 573
- ACTH and cortisone in the treatment of asthma and eczema in infancy and childhood, Experiences with. (Jerome Glaser et al), 292
- ACTH and cortisone in the treatment of asthma, hay fever, and other allergic conditions, Observations on the use of. (Alex S. Friedlaender and Sidney Friedlaender), 588
- ACTH, Studies on the urinary excretion of 11-oxycorticosteroids by allergic patients treated with. (Allan J. Stanley et al), 741
- ACTH, The use of, in the treatment of ambulatory asthmatic patients. (Ethan Allan Brown et al), 459
- Adrenocorticotrophic hormone (ACTH). Effect on ragweed hay fever. (Michael Zeller), 603
- Adrenocorticotrophic hormone (ACTH); its effect in atopic dermatitis. (Theron G. Randolph and John P. Rollins), 1
- Action of khellin in attacks of bronchial asthma, Observations on. (Vincent J. Derbes et al), 354
- Action of therapeutic agents, A new method and medium for administering and controlling the, with particular reference to epinephrine. I. Experimental studies. (Roy A. Ouer), 346
- Adams, Thomas J., and Sacca, Joseph D.: Allergic purpura responding to antihistaminic therapy, 224
- Administering and controlling the action of therapeutic agents, A new method and medium for, with particular reference to epinephrine. I. Experimental studies. (Roy A. Ouer), 346
- Adnexa, Mechanism of allergy of the eye and. (Edgar E. Poos), 378
- Adults, The effect of antihistamine medication on the tuberculin reaction in. (A. Oliveira Lima and Glynnne Rocha), 205
- Aerohalor, Norisodrine by, in asthma. (Robert E. Kaufman and Laurence Farmer), 89
- Aerosols, solid ("dust"), Evaluation of, as therapeutic agents. (Maurice S. Segal et al), 53
- Agglutination experiments, Precipitin and collodion particle. Standardization of dust extracts. (Morris Reitman and Morris Scherago), 465
- Agranat, Victor, et al: Injections of massive doses of pollen extract at three-week intervals and their effect on skin-test sensitivity, 77
- Albom, J. J., and Samitz, M. J.: The allergic and nonallergic causes of eczematous hand eruptions. I. Incidence, 336
- Algae, Symptoms of hay fever caused by. II. Microcystis, another form of algae producing allergenic reactions. (Herman A. Heise), 100
- Allergenic constituents, Unlabeled, of commercial foods and drugs. A critique of the food, drug and cosmetic act. (Theron G. Randolph), 151
- Allergic children, Repository penicillin injections in. (Samuel J. Levin and Selma S. Moss), 471
- Allergic conditions, The role of the questionnaire in the diagnosis of. (Ethan Allan Brown), 60
- Allergic epilepsy. (Susan C. Dees and Hans Lowenbach), 446
- Allergic headache, The treatment of. (Henry D. Ogden), 611
- Allergic and nonallergic causes of eczematous hand eruptions, The. I. Incidence. (M. H. Samitz and J. J. Albom), 336

INDEX TO VOLUME 9

- Allergic and psychosomatic treatment, Combined, of bronchial asthma. (Ethan Allan Brown), 324
- Allergic purpura responding to antihistaminic therapy. (Thomas J. Adams and Joseph D. Sacca), 224
- Allergic rhinitis, asthma, and hay fever, Clinical observations with Clopane in. (F. John Gouze), 208
- Allergies, bacterial, Treatment of certain dermatoses as. (K. A. Baird), 330
- Allergies, food, Some psychological aspects of the treatment of patients who have. (William Kaufman), 660
- Allergies, multiple dermal, An unusual case of. (H. Elias Diamond), 210
- Allergy, bacterial, in the rheumatoid state, The role of. (Hermann Blatt), 390
- Allergy, Cow's milk, in infants. (Norman W. Clein), 195
- Allergy and experimental effects of antihistamines on the common cold, A theory for. (Edmund P. Fowler, Jr.), 299
- Allergy, Fungus. 1. Incidence of atmospheric spores in the Los Angeles area. (A. M. Targow and O. A. Plunkett), 428
- Allergy in otology. (Hugh A. Kuhn), 213
- Allergy, nasal, The role of food sensitivity in. (Hal M. Davison), 568
- Allergy, nasal and sinus, Surgical management of. (O. E. Van Alyea), 585
- Allergy, nasal, Use of cortisone and ACTH in the management of. (Giles A. Koelsche et al), 573
- Allergy of the eye and adnexa, Mechanism of. (Edgar E. Poos), 378
- Allergy of the urinary tract. (Susan C. Dees and Eileen C. Simmons), 714
- Allergy, Spontaneous animal. (Leon Bentolila and Sol L. Rabasa), 477
- Ambodryl Hydrochloride, The clinical evaluation of. (J. Warrick Thomas and Frank R. Kelly, Jr.), 481
- Ambulatory asthmatic patients, The use of ACTH in the treatment of. (Ethan Allan Brown et al), 459
- American College of Allergists, The. Proceedings of Seventh Annual Congress, 236
- Amine, A new sympathomimetic ("Neosuprel"), in the treatment of bronchial asthma. (J. Aaron Herschfus et al), 769
- Anamnestic and perennial therapy in the management of allergic respiratory disease, A comparison of. (Lewis E. Abram and Jerome S. Frankel), 669
- Anaphylactic shock, Effects of the antihistaminic drugs on the antigen-antibody reaction during the. (Vincenzo Traina), 102
- Ancistrodon piscivorus (snake venom) in the treatment of chronic urticaria. (Victor L. Cohen), 173
- Anesthesia, General, with cyclopropane for the treatment of status asthmaticus. (Leon Bentolila), 519
- Animal allergy, Spontaneous. (Leon Bentolila and Sol L. Rabasa), 477
- Annual Congress, Seventh, The American College of Allergists, Proceedings of, 236
- Antigen-antibody and histamine skin reaction, Effect of Isuprel on. (John M. Sheldon et al), 45
- Antigen-antibody reaction during the anaphylactic shock, Effects of the antihistaminic drugs on the. (Vincenzo Traina), 102
- Antigens, bacterial, and antihistamines, Skin tests with mixtures of. (M. R. Lichtenstein), 99
- Antigens, injectable, A clinical comparison of two. Treatment of Rhus dermatitis. (C. P. St. Amant, Jr.), 218
- Antihistadine decarboxylase and an antihistamine, Clinical observations on the effectiveness of a combination of an. Preliminary report. (Livingston Chunn), 11
- Antihistamine, Clinical observations on the effectiveness of a combination of an antihistadine decarboxylase and an. Preliminary report. (Livingston Chunn), 11
- Antihistamine medication, The effect of, on the tuberculin reaction in adults. (A. Oliveira Lima and Glynne Rocha), 205
- Antihistamine, An: Some pharmacological properties of 2-[phenylbenzylaminomethyl]-imidazoline hydrochloride (Antistine), an antihistamine. (B. N. Craver et al), 34
- Antihistamines, Skin tests with mixtures of bacterial antigens and. (M. R. Lichtenstein), 99
- Antihistamines, A theory for allergy and experimental effects of, on the common cold. (Edmund P. Fowler, Jr.), 299
- Antihistaminic drugs, Effects of the, on the antigen-antibody reaction during the anaphylactic shock. (Vincenzo Traina), 102
- Antihistaminic drugs, The use of, in the treatment of epidermophytosis of the feet and epidermophytids. Preliminary report. (Elizabeth Austin), 50

INDEX TO VOLUME 9

- Antihistaminic therapy, Allergic purpura responding to. (Thomas J. Adams and Joseph D. Sacca), 224
- Antistine, Some pharmacological properties of 2-[phenylbenzylaminomethyl]-imidazoline hydrochloride, an antihistamine. (B. N. Craver et al), 34
- Arp, C. Raymond: Minor symptoms and signs in food allergy, 522
- Asboth, A., and Rajka, E.: Cold urticaria. Investigations concerning its pathogenesis, 642
- Asthma, bronchial, A new sympathomimetic amine ("Neosuprel") in the treatment of. (J. Aaron Herschfus et al), 769
- Asthma, bronchial, Combined allergic and psychosomatic treatment of. (Ethan Allan Brown), 324
- Asthma, bronchial, Demerol habituation in, with report of a case. (Alfred Romanoff), 95
- Asthma, bronchial, Natural steroid complex in the treatment of. (S. H. Jaros and A. D. Spielman), 308
- Asthma, bronchial, Observations on the action of khellin in attacks of. (Vincent J. Derbes et al), 354
- Asthma, bronchial, The mushroom fly as a cause of. (George W. Truitt), 513
- Asthma, bronchial, Treatment of, with pregnenolone acetate. (A. Oliviera Lima), 31
- Asthma, bronchial, and tuberculosis, The differential diagnosis of cough in. (Ethan Allan Brown), 760
- Asthma, Effect of vitamin B₁₂ in. (Robert E. Kaufman), 517
- Asthma and eczema in infancy and childhood, Experiences with ACTH and cortisone in the treatment of. (Jerome Glaser et al), 292
- Asthma, hay fever and allergic rhinitis, Clinical observations with Clopane in. (F. John Gouze), 208
- Asthma, hay fever, and other allergic conditions, Observations on the use of ACTH and cortisone in the treatment of. (Alex S. Friedlaender and Sidney Friedlaender), 588
- Asthma, Norisodrine by aerosol in. (Robert E. Kaufman and Laurence Farmer), 89
- Asthma, The genesis and treatment of a recurrent attack of. (Hyman Miller and Dorothy W. Baruch), 508
- Asthmatic patients, ambulatory, The use of ACTH in the treatment of. (Ethan Allan Brown et al), 459
- Atmospheric spores in the Los Angeles area, Incidence of. Fungus allergy. (A. M. Targow and O. A. Plunkett), 428
- Atopic dermatitis, Adrenocorticotrophic hormone (ACTH); its effect in. (Theron G. Randolph and John P. Rollins), 1
- Atopic dermatitis, Correlation of reactions to scratch and patch tests in patients with. (Frank A. Simon), 220
- Austin, Elizabeth: The use of antihistaminic drugs in the treatment of epidermophytosis of the feet and epidermophytids. Preliminary report, 50

B

- B₁₂ therapy, Erythremia ("Polycythemia") during massive, oral, streptomycetes-derived. (Robert D. Barnard et al), 360
- Bacterial allergies, Treatment of certain dermatoses as. (K. A. Baird), 330
- Bacterial allergy in the rheumatoid state, The role of. (Hermann Blatt), 390
- Bacterial antigens and antihistamines, Skin tests with mixtures of. (M. R. Lichtenstein), 99
- Bacterial respiratory infections resembling epidemic coryza in allergic patients, Occurrence of. (Franklin A. Stevens and Ernest Gordon), 634
- Baer, Rudolf L., and Leider, Morris: Dermatologic allergy. A critical review of the literature in 1950 on allergic eczematous dermatitis, atopic dermatitis, drug eruptions, urticaria (Progress in Allergy), 399
- Baird, K. A.: Treatment of certain dermatoses as bacterial allergies, 330
- Barnard, Robert D., et al: Erythremia ("Polycythemia") during massive, oral, streptomycetes-derived B₁₂ therapy, 360
- Barrett, W., et al: Some pharmacological properties of 2-[phenylbenzylaminomethyl]-imidazoline hydrochloride (Antistine), an antihistamine, 34
- Baruch, Dorothy W., and Miller, Hyman: The genesis and treatment of a recurrent attack of asthma, 508
- Benadryl—its uses in the narcotic withdrawal syndrome and in other conditions. (Maurice Vaisberg), 74

C

- Cafergot suppositories in migraine. (Marvin Fuchs and Lester S. Blumenthal), 616
- Cameron, A., et al: Some pharmacological properties of 2-[phenylbenzylamino-methyl]-imidazole hydrochloride (Antistine), and antihistamine, 34
- Carrier, Haddon M., et al: Use of cortisone and ACTH in the management of nasal allergy, 573
- Causation of asthma and allied allergic conditions, The possible significance of scoliosis of the spine in the. (Daniel O'Donovan), 184
- Cause of bronchial asthma. The mushroom fly as a. (George W. Truitt), 513
- Causes, The allergic and nonallergic, of eczematous hand eruptions. I. Incidence. M. H. Samitz and J. J. Albom), 336
- Cawley, Leo, et al: Studies on the urinary excretion of 11-oxycorticosteroids by allergic patients treated with ACTH, 741
- Childhood and infancy, Experiences with ACTH and cortisone in the treatment of asthma and eczema in. (Jerome Glaser et al), 292
- Children, allergic, Repository penicillin injections in. (Samuel J. Levin and Selma S. Moss), 471

INDEX TO VOLUME 9

- Children, school, a public health problem in—Ragweed pollinosis (hay fever). (Jerome Glaser, Albert D. Kaiser, and Sheldon C. Siegel), 226
- Children, Skeptophylactic smallpox vaccination in. (John G. Little), 85
- Chlorcyclizine hydrochloride cream, The absorption of one per cent, through the skin. (Amos E. Light and John A. Tornabeni), 607
- Chlor-Trimeton Maleate repeat action tablets and Trimeton Maleate topical, Clinical experience with. (Fred W. Wittich), 491
- Chlor-Trimeton, Treatment of hypersensitive rhinitis and other allergic diseases with. (Edward E. P. Seidmon), 387
- Chronic urticaria, Snake venom (*Ancistrodon piscivorus*) in the treatment of. (Victor L. Cohen), 173
- Chunn, Livingston: Clinical observations on the effectiveness of a combination of an antihistadine decarboxylase and an antihistamine. Preliminary report, 11
- Clein, Norman W.: Cow's milk allergy in infants, 195
- Clinical evaluation of Ambodryl Hydrochloride, The. (J. Warrick Thomas and Frank R. Kelly, Jr.), 481
- Clinical experience with Chlor-Trimeton Maleate repeat action tablets and Trimeton Maleate topical. (Fred W. Wittich), 491
- Clinical observations with Clopane in asthma, hay fever and allergic rhinitis. (F. John Gouze), 208
- Clinical observations on the effectiveness of a combination of an antihistadine decarboxylase and an antihistamine. Preliminary report. (Livingston Chunn), 11
- Clopane, Clinical observations with, in asthma, hay fever and allergic rhinitis. (F. John Gouze), 208
- Cohen, Sheldon G., et al: A study of the hemagglutinin produced in response to the administration of P²² tagged erythrocytes, 281
- Cohen, Victor L.: Snake venom (*Ancistrodon piscivorus*) in the treatment of chronic urticaria, 173
- Cold, common, A theory for allergy and experimental effects of antihistamines on the. (Edmund P. Fowler, Jr.), 299
- Cold urticaria. Investigations concerning its pathogenesis. (E. Rajka and A. Asboth), 642
- Collagenous diseases, A hypothesis on the physicochemical pathogenesis of hypersensitivity states and. (S. H. Jaros), 133
- Collodion particle agglutination experiments, Precipitin and. Standardization of dust extracts. (Morton Reitman and Morris Scherago), 465
- Combination of an antihistadine decarboxylase and an antihistamine, Clinical observations on the effectiveness of a. Preliminary report. (Livingston Chunn), 11
- Combined allergic and psychosomatic treatment of bronchial asthma. (Ethan Allan Brown), 324
- Commercial foods and drugs, Unlabeled allergenic constituents of. A critique of the food, drug and cosmetic act. (Theron G. Randolph), 151
- Common cold, A theory for allergy and experimental effects of antihistamines on the. (Edmund P. Fowler, Jr.), 299
- Comparison of anamnestic and perennial therapy in the management of allergic respiratory disease, A. (Lewis E. Abram and Jerome S. Frankel), 669
- Complex, Natural steroid, in the treatment of bronchial asthma. (S. H. Jaros and A. D. Spielman), 308
- Connective tissue reactions. A critical review. I. Effects of ACTH and cortisone on allergic reactions and the collagen diseases. II. Hyaluronic acid, hyaluronidase, and the ground substance of the mesenchyme with particular reference to the collagen diseases (Progress in Allergy). (John B. Miale), 530, 545
- Constituents, Unlabeled allergenic, of commercial foods and drugs. A critique of the food, drug and cosmetic act. (Theron G. Randolph), 151
- Controlling and administering the action of therapeutic agents, A new method and medium for, with particular reference to epinephrine. I. Experimental studies. (Roy A. Ouer), 346
- Convention echoes. Odyssey of an allergist. The presidential address. (John H. Mitchell), 230
- Corn, On the incidence of sensitiveness to. A criticism of diagnostic procedure. (Harry S. Bernton), 368
- Correlation of reactions to scratch and patch tests in patients with atopic dermatitis. (Frank A. Simon), 220
- Cortisone and ACTH in the management of nasal allergy, Use of. (Giles A. Koelsche et al), 573
- Cortisone and ACTH in the treatment of asthma and eczema in infancy and childhood, Experiences with. (Jerome Glaser et al), 292

INDEX TO VOLUME 9

- Cortisone and ACTH in the treatment of asthma, hay fever, and other allergic conditions, Observations on the use of. (Alex S. Friendlaender and Sidney Friedlaender), 588
- Coryza, epidemic, in allergic patients, Occurrence of bacterial respiratory infections resembling. (Franklin A. Stevens and Ernest Gordon), 634
- Cough, The differential diagnosis of, in tuberculosis and bronchial asthma. (Ethan Allan Brown), 760
- Cow's milk allergy in infants. (Norman W. Clein), 195
- Craver, B. N., et al: Some pharmacological properties of 2-[phenylbenzylamino-methyl]-imidazoline hydrochloride (Antistine), an antihistamine, 34
- Cushing, Vernon D., et al: Studies on the urinary excretion of 11-oxycorticosteroids by allergic patients treated with ACTH, 741
- Cutaneous manifestations, Toxic, of para-aminobenzoic acid derivatives. (Glenn J. Greenwood), 72
- Cyclopropane, General anesthesia with, for the treatment of status asthmaticus. (Leon Bentolila), 519
